

Emerald Johnson, Alcorn State University- c/o 2020, Biology

Name : Emerald Johnson

Your HBCU : Alcorn State University

Graduation Year : 2020

Major : Biology

1. Where are you from? Who introduced you to HBCUs?*

i am from Lexington, MS & i've always known about HBCUs & know that i would prefer to attend a HBCU rather than a PWI .

2. Why did you choose an HBCU over a pwi?*

I choose a HBCU over a PWI because I wanted to attend a school where I know the people would relate to me & work in an environment that i would feel comfortable.

3. What is the story of your "experience" at Your HBCU given its heralded status as a stellar and prestigious institution?*

My experience at my HBCU has been very great, as far as college life goes it's things to do a majority of the time & classes are great as well as you just really have to maintain a focused mind and know what comes first .

4. "First time" experiences at your HBCU?*

My first time experience at my HBCU was GREAT . . . I had just transferred from another HBCU that was kind of depressing a bit but when I came to Alcorn it was good . . . the food was good , & the people were fairly nice !

5. Who are the professors that have impacted your life in and out of the classroom? How did they do that?*

So far, none of my professors have impacted my life in nor out of the classroom .

6. College crush?

hmmm , I don't have one . . . lol .

7. What do you feel is most beautiful about you?

my personality .

8. What's your take on life (in the philosophical sense)?

Well , I feel as though we go through life worried about a lot of things that won't matter in the long run when in the end we all have to die & everything that we would have worried about would've been for naught so therefore i just think that in life you should go for what you want , if you get rejected so what ? do what you want and have fun doing it because after all the worst thing in life that could happen is death .
