2. Why did you choose an HBCU over a pwi?*

Through grade school and highschool I attended predominantly white school, I wanted to choose an HBCU because I wanted to be around more people like me.

3. What is the story of your "experience" at Your HBCU given its heralded status as a stellar and prestigious institution?*

EPIC, If I had to choose to do undergrad again Tennessee State would still be my top pick.

4. "First time" experiences at your HBCU?*

My first time experience was at a kickback "SET" is what they call it here at TSU was when the entire school basically fit into this brown house at the end of the street. It was so hot and you couldn't really move you would have thought the floor was going to cave in. Just a lot of music and college students. So much fun!

5. Who are the professors that have impacted your life in and out of the classroom? How did they do that?*

Dr. Webb from my Psychology of Black experience class. He was real chill and laid back and gave me a different perspective about being black in today's society.

on education and I knew I had to finish strong for her.
