12. What advice would you give high school students filling out college applications for the first time?

HBCUs are some of the most fostering places to go. They are rich in tradition. Do your research because many doctors, lawyers, entrepreneurs, educators, engineers, etc come out of HBCUs. If you are looking at HBCUs for sports, don't doubt us, we can compete and have sent many to the league as well...if they want you they will find you!
