2. Why did you choose an HBCU over a pwi?*

N/A

3. What is the story of your "experience" at Your HBCU given its heralded status as a stellar and prestigious institution?*

I will always remember my experience at SC State University as the best time of my life. I grew as a person, formed life long relationships, and received an excellent well rounded education. At SC State, we were all apart of one big family.

4. "First time" experiences at your HBCU?*

N/A

5. Who are the professors that have impacted your life in and out of the classroom? How did they do that?*

At the time, SC State had a really small Physics staff. So I hold a special place in my heart for all of the professors I had at state. However, my advisor Dr. Donald Walter (email him), was always there to offer viable solutions to any problem I approached him with. Even now, when im in graduate school in a different state, he still checks on my progress with frequent emails. [Physics Webpage @ SCSU]
