2. Why did you choose an HBCU over a pwi?*

I decided I wanted to join the KSU family for three reasons. Reason #1: They offered me the most money. Reason #2: They stayed on me about getting my documentation in. Reason #3: Since I am from D.C., it would give me the opportunity to experience a totally new place.

3. What is the story of your "experience" at Your HBCU given its heralded status as a stellar and prestigious institution?*

Kentucky State University is the smallest school in the state of Kentucky and one of the few in the area with Central State and Wilberforce being about 2hrs away and Tennessee state, 3hrs away. With that said, I get to experience amazing diversity in that I've met people from and gone to cities like Chicago, Il, Cincinnati, OH, St. Louis, Missouri, and Indianapolis, Indiana. Even in all of its rich cultural diversity, the students at Kentucky State have maintained a close knit family kind of appeal. I've been able to really spread my wings and soak up all that the University has to offer. I am a proud member of Sigma Gamma Rho Sorority Inc.,. I was a part of the Mighty Marching Thorobreds. I am an executive board member of our wonderful Student Government Association, and I've had the pleasure of welcoming new and prospective students as a Student Ambassador. I've met GREAT, genuine people. I've had the worse and best times of my life. I've met and lost my first love. I've traveled to so many different cities, that people back at home may never be able to visit. There's always a new dance. There's always something new that the campus community is laughing about.

4. "First time" experiences at your HBCU?*

First love. First heart break. First time ever being away from my mom for longer than a week.

First real road trip. First apartment.

5. Who are the professors that have impacted your life in and out of the classroom? How did they do that?*

Mr. Offutt and Dr. Pearson. Mr. Offutt because of his honesty, he is always honest about everything! Dr. Pearson, because of her dedication. She stays on me about my studies, but she is also understanding and flexible, which shows me how much she respects and cares for me.

Social Studies Education, because in order to promote equality and justice, one must understand the ways of the world as it relates to location, politics, social environments, and history. It's important to be able to share this knowledge with others. My minor, creative writing: I love to write, why not have a degree in it?

24.

I am a very, very proud member of Sigma Gamma Rho Sorority Incorporated. Why? Because they're the best! No, but seriously. I chose Sigma Gamma Rho because of the things they promote and stand for both nationally and chapter wise. Sisterhood. Education and Service. Although many people say all of them represent these things, and they do. There is no sisterhood better than ours especially on Kentucky State's Campus. (biased, I know)
