2. Why did you choose an HBCU over a pwi?*

I chose an HBCU over a PWI because I felt it would be a place where the staff and faculty cared about me succeeding as much as I did. I chose to become a student at my HBCU because when I visited, I loved feeling and remembering "this is right where I belong, this is home".

3. What is the story of your "experience" at Your HBCU given its heralded status as a stellar and prestigious institution?*

My "experience" at my HBCU has been wonderful from the faculty and staff, to the students and new President and First Gentleman. They have all played in integral part in making sure that my college experience would be the best possible. Among many stories, I was honored as a Student Ambassador to escort my President and First Gentleman at the Dayton Classic and stay by them as a personal assistant for that day. It made me feel important to be under the most important person who has the power to make the greatest decisions at my university.

4. "First time" experiences at your HBCU?*

I have had my First Job Interview at college and my First D on a test, but it was brought up to an A.

5. Who are the professors that have impacted your life in and out of the classroom? How did they do that?*

My Freshman Year English Professor, Mr. Cash. He left the most impression upon me as a person and student because he endeavored to explore what I really wanted to do and gave me assignments in regards to it. He recognized me as a great writer and challenged me to go beyond the ordinary. To this day, what he's done that means so much to me goes beyond me, but also

what he has done with other students in the classroom. He pushed us to be more intellectual than robots of our communities due to social networking and everything being “made easy” for us.
